Cooler weather:

As we move into the cooler months, it is essential to ensure that our students are dressed appropriately for the changing weather. We want to keep our children comfortable, so we kindly request your cooperation in sending them to school with warm clothing.

You may also want to consider packing an extra set of clothing in your child's backpack, just in case of unexpected changes in the weather.

Thank you!

A big shout out to Jess from Columbia Shuswap Invasive Species for teaching us how to recycle and reuse our used craft paper into brand new paper! The kids loved being hands on in the process and getting to be a part of each step.

We are excited to be able to reuse our craft material for a whole new project.

Thank you Jess!
